

ST AUGUSTINE'S HAPPY HISTORIANS

HISTORY NEWSLETTER

Welcome to our history newsletter, where we will be sharing lots of exciting things that we have been learning over the term in our history lessons, quizzes and competitions (answers are somewhere hidden on the newsletter - but no cheating)

There are so many budding historians in our school so watch this space to see if you recognise any.

DID YOU KNOW?

The Eiffel Tower looks at home in Paris and is the most popular tourist attraction in the French city - but it wasn't supposed to be there!

Rumour has it that when Gustav Eiffel presented the design to Barcelona, they thought that it was too ugly. So, he pitched it as a temporary landmark for the 1889 International Exposition in Paris and it's been there ever since.

Unfortunately, many of the French don't like it much either.

QUOTE OF THE WEEK

I love history and finding out lots of new things, such as Roman punishment, we looked at Romans in Year 3 and how they invaded Britain and built roads but now who they use punishment - Beau Y5

We are not makers of History; we are made by History.

Miss White's Ancient Treasure Chest

Who doesn't love to win a prize or get a treat?
I know I certainly do!

For anyone who wants to do some history work,
(in addition to the homework set) and bring it in
to school, they will receive a special treat out of
Miss White's treasure chest - How exciting!

All these beautiful pieces of work will then be
added to a special prize draw at the end of the
term, where the best two pieces of work from
each Key Stage will receive an extra prize -
Key Stage 1 will include EYFS to make it fair.

The work can be on any historical research /
project / topic that you choose - remember to
write like a historian, include pictures, photos -
the possibilities are endless.

I cannot wait to see the end results. - Good
luck Happy Historians.
